The Bamboo Dining Table is inspired by the timeless elegance of bamboo, translating into design the perfect union of lightness and strength. The sculptural legs, inspired by the organic forms of bamboo canes, add rhythm to the piece, while subtle metallic details reinforce its structure without breaking the softness of its natural inspiration. Conceived as a true meeting point, Bamboo transforms every meal into a moment of sharing that becomes a memory. Bamboo also offers the freedom to choose between a tabletop and legs in iroko wood or marble.
